

STEVE IVY RARE COIN COMPANY

SPRING, 1980

\$5.00

Dear Customer:

The word is out on rare coins!

Interest in the numismatic world continues to steadily accelerate. Rare coins, now a proven investment with an excellent track record, are attracting even traditionally conservative investors. All of these investors, to some degree or another, turn into collectors, thus further solidifying the foundation of the rare coin market. "Confidence breeds confidence" is an axiom applicable to the performance of the numismatic market over the last few years.

Publicity and advertisements about rare coins are spreading into new territory on a practically daily basis. Demand for quality material has never been greater!

It's times like these that it pays to be a Steve Ivy customer – for we have assembled the most exciting inventory of rare, high-quality coins in our history. Highlights are too numerous to list except categorically – Shield, Liberty and Buffalo Nickels (we recently purchased a complete collection save for the 1913 Liberty Head); Barber Quarters (many finest known examples); Proof Gold Coins (including 1858 One Dollar, 1858 Three Dollar and 1845 Half Eagle) and much more.

Our qualified and efficient staff has been working around the clock to produce this catalog, and we hope you agree that their efforts achieved outstanding results. Our courteous and knowledgeable salesmen await your call, and have asked me to request second choices whenever possible, and to remind you of our easy, interest-free lay-away plan.

Sincerely,

A handwritten signature in cursive script that reads "Ron Howard".

ONE DOLLAR GOLD

| | |
|--|----------|
| 1949- C AU (50) Lustrous, somewhat prooflike surfaces. Seldom available in any condition, and extremely rare in or near mint state. Closed wreath | 1,650.00 |
| 1851- C AU (50) Sharply struck | 1,250.00 |
| 1851- C AU (58) The sharpest detail possible on a Charlotte Gold Dollar. Every star is full, and the details on Liberty's hair and the wreath are bold. A nearly unique opportunity. | 2,450.00 |
| 1853 MS (65) Shimmering luster; exceptional surfaces | 4,950.00 |
| 1854 MS (60) Type one | 975.00 |

| 1854 EF (48) Type two. Well struck | 1,650.00 |

1858 Proof (67) Amazing! A cameoed jewel, with bright yellow devices and lettering and deep fields that resemble a still pool of molten gold. "Less than 12 known - a liberal estimate" states Walter Breen in his proof coin encyclopedia. David Akers' research lists 10 offered since 1921, but many of those are no doubt repeats of the same coin. A figure much higher than our price could easily be extrapolated for this truly phenomenal coin. An investment that we sincerely believe in. (see color photo) 49,500.00

1858- D EF (40) Considerable luster remains 1,450.00

1859- C AU (50) 1,350.00

1859- D AU (55) Surprisingly well struck for the issue - similar to Akers' plate coin 2,950.00

1862 MS (68) A delectable type coin - fully struck, enormously lustrous, and with a character-lending hint of rose toning. "Fantastic!" understates this coin's quality 12,500.00

1863 MS (65) Akers' comments are apropos: "This is the rarest Philadelphia Mint gold dollar of the 1860's and also the rarest gold dollar in Unc. after 1861. As a date, it is only marginally less rare than the 1875 but ... it is actually more difficult to obtain in full mint state than the highly regarded 1875." This particular example is fully struck, with excellent color and surfaces. Its rarity is further attested by the fact that this is the first mint state 1863 Gold Dollar that Steve Ivy has ever offered. (see color photo) 19,500.00

1867 MS (66) Gorgeous, problem free semiprooflike surfaces. Fully struck. (see color photo) 9,750.00

THREE DOLLAR GOLD

| | |
|--|-----------|
| 1857 MS (67) Our research indicates that this exciting coin is the second finest known mint state example of the dozen or so that exist. Akers' book lists ten auction records for proofs (7 or 8 known), but only eight for uncirculated coins. What a shock to examine the obverse, expecting from its quality a date in the 1880's, then discovering the "1857" on the reverse! Truly, the luster and the surfaces could qualify this piece for any type set, yet its rarity as a date is incontrovertible. While our ownership is but a figurative fleeting moment, the memory and pride of handling such an elite coin will always be with us (see color photo) | 49,500.00 |
|--|-----------|

| | |
|--|------------|
| 1858 Proof (67) Our experience concurs with Akers' comments "...an 1858 is rare in any grade and it is doubtful if more than 75-100 total pieces exist, if that many, with VF and EF examples predominating" The 1858 ranks lowest in average grade of all Philadelphia threes The number of proofs minted is unknown, but 20 is a good educated guess, with about half that many known today. We have never seen a proof superior to this piece, and one may not exist. Another positive point is the coin's extreme rarity in mint state, non-proof condition. Most advanced collectors with adequate means insist upon MS (65) or Proof (65) or better quality - there are simply not enough 1858 Three Dollar Gold Pieces of that caliber to go around. This beautiful, unimpaired cameo example is one of the most awesome gold coins on today's market | 115,000.00 |
| 1877 AU (58) Prooflike. Even rarer than its scant mintage indicates. (see color photo) | 7,950.00 |
| 1878 EF (48) | 1,350.00 |
| 1878 MS (64) | 7,450.00 |
| 1878 MS (65) Sharp and lustrous | 11,500.00 |
| 1878 MS (66) Full strike. Cartwheel luster | 14,000.00 |
| 1878 MS (67) Superb! Ideal for type. (see color photo) | 16,500.00 |

HALF EAGLES

| | |
|--|------------|
| 1845 Proof (65) One of the most spectacular pieces of proof gold of any date or denomination that we have ever seen - and we have examined virtually every piece of proof gold to come upon the numismatic market in the last several years. Of the hundreds of proof gold coins we have placed into fine collections and investment portfolios, not one kindled comparable pride of ownership or enthusiasm about future potential as this magnificent piece has. | |
| Obviously handled with meticulous care over the decades, this regal numismatic masterpiece is delightfully void of impairments. Certainly one of the finest efforts of the Philadelphia mint, as the strike is full and the highly desirable cameo contrast between fields and devices could not be more intense. A wire rim encircles each side. This coin's quality is apparent; its rarity is irrefutable. Akers states that only three or four are known. His exhaustive research of 337 auction catalogues which featured rare gold coins revealed but a single auction record for a proof 1845 Half Eagle, that being in 1948! Walter Breen knows of three, one of which is impounded perpetually in the Smithsonian, and another is a part of a complete proof set of 1845 owned by a New York collector. The third is the specimen listed by Akers, and is very likely this coin. Our price is solidly supported by the value of later, more common proofs of this denomination, and by the extreme rarity of No Motto Half Eagles in uncirculated or proof condition. We proudly offer this prestigious coin for... (see color photo) | 125,000.00 |

U.S. COMMEMORATIVES

Mint State (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Before you rush into the commemorative boom, rush into this great new book.

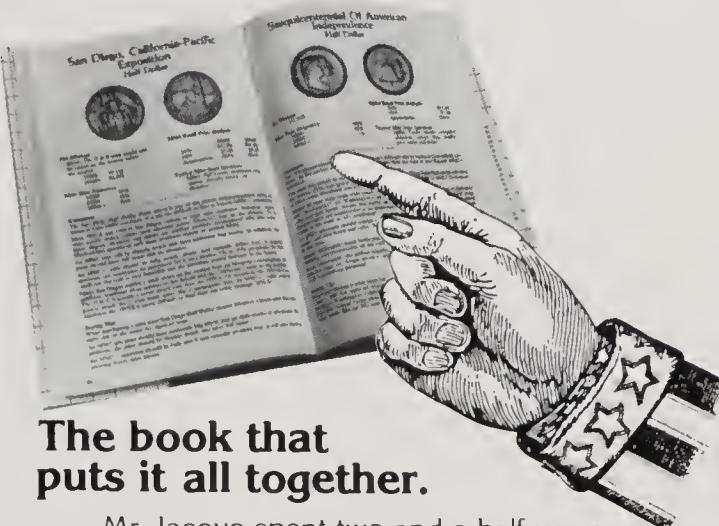

A Comprehensive Guide to United States Commemorative Coins.

The most complete authoritative reference book ever published on U.S. Commemorative Coins.

Compared to other rare coin opportunities, collecting and investing in U.S. Commemorative Coins was last on the numismatist's list. But now, all that has changed: during the last year or year and a half, commemorative coins have been generating an unexpectedly high degree of interest and enthusiasm among collectors from coast to coast. The result is a booming new market for you to enter and profit from. But before you do, it would be wise to first invest in the one book that can turn your commemorative coin collection into a commemorative coin bonanza.

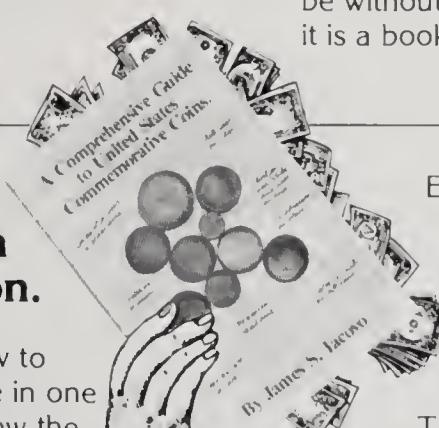

A Commemorative Guide is a compendium of profitable information.

Virtually everything you need to know to make the most profitable decisions is here in one easy-to-use reference source. Need to know the history of the retail price for a Panama-Pacific

The book that puts it all together.

Mr. Iacovo spent two and a half years undertaking the difficult and time-consuming task of preparing a book that covers everything an aspiring or accomplished numismatist needs to know about U.S. Commemorative Coins. The book defines, in precise terms, what constitutes MS60, MS65 and MS65+ commemorative coins. It covers in detail all aspects of grading, specific surface peculiarities, luster and abrasions. Its pages reveal facts that tell you about pricing, pricing premiums and pricing trends. Included are many charts, coin evaluations and Mr. Iacovo's special "Buying Tips" that combine to make this major work the most valuable and useful ready-reference source on U.S. Commemorative Coins you can own. It is a book no numismatist should be without. And, if you collect commemoratives, it is a book you cannot be without.

Exposition Gold Dollar? Your Commemorative Guide has the answer. What should you look for when inspecting a York Half Dollar? Your Commemorative Guide tells you.

Aside from the reference pricing charts, individual coin evaluations and thorough index are the well-researched and intelligent Statistical Tables on both Silver and Gold U.S. Commemorative Coins. No critical area is left undiscussed.

The one and only A.N.A. 1980.

*A one and only opportunity to realize
the greatest prices ever for your rare coins.*

The one and only A.N.A. 1980.

Each year, the coin world anxiously awaits the A.N.A. auction sale. It's the most prestigious coin auction in the world, and it happens only once a year.

The A.N.A. auction creates an excitement all its own, with floor bidding at a fast, fevered pace. Indeed, this is the auction that creates numismatic history.

And this year's exciting week-long event promises to be the biggest auction ever. A.N.A. 1980. Thousands of coins are expected to change hands at all-time high prices.

The one and only auction that can draw over 15,000 potential buyers.

Because it is the highlight of the annual A.N.A. convention, the A.N.A. auction enjoys the highest attendance of any other auction. The A.N.A. possesses a prestige that lures thousands of collectors and dealers from all over the world in search of the choicest coins. Some of the rarest and most precious coins are sold only through the A.N.A. Every kind of coin from every part of the world lures thousands of buyers to the A.N.A. If you have coins to sell, there's no time as advantageous to you as A.N.A. 1980.

The one and only auction with an exclusive, loyal buying audience.

Because the A.N.A. auction is probably the greatest single event on the 1980 numismatic calendar, it will attract earnest, sincere collectors and dealers. Many bidders buy from this auction exclusively. And for many dealers, A.N.A. 1980 will be the only auction they will attend all year. It is these dedicated numismatists who will view every coin auctioned — including yours. That's the selling power of the A.N.A.

The one and only auction that will market your coins to the fullest.

Steve Ivy Numismatic Auctions will organize and manage this year's auction. We are preparing the most complete A.N.A. auction marketing program ever to give consignors the very best chance to realize the highest possible prices for their coins. For instance, many coins will be featured in a beautiful, full-color catalog, the best

organized and most comprehensive showpiece ever published for the A.N.A. This catalog will be viewed and studied by all potential bidders.

Because of the great prestige of this A.N.A. auction, your coins will benefit from a wide range of highly respected national news media publicity as well.

The one and only auction that promises the best prices of the year.

This auction, particularly during this year of unprecedented high selling prices, will capture the attention of the numismatic world. No other auction during the year can claim the same prestige and reputation to draw as many bidders as the A.N.A.

Without question, the A.N.A. 1980 auction presents the finest liquidation potential available to coin consignors today.

This is also the only auction of the year that directly supports the A.N.A. A small percentage of all sales goes to the one national organization serving you, the American numismatist.

So consign with A.N.A. 1980 by calling Bob Merrill toll-free at 800-527-6810 or send in the coupon for our informative brochure, "How to Sell Rare Coins at Auction." And cash in on the most exciting coin auction of the year.
